Grover Cleveland: A Study in Character Alyn Brodsky

Grover Cleveland: A Study in Character is the first comprehensive study of our 22nd and 24th president in nearly seventy years. This distinguished leader, the only Democrat elected to the presidency between the Civil War and World War I, rose to political prominence through the ranks of mayor of Buffalo and governor of New York before his election to this nation's highest office.

Always concerned with the majority, never the favored few, Cleveland believed his ultimate allegiance was to the nation, not to a political party, and he acted on his strongly-held beliefs throughout his entire political life. At first considered an enemy of labor because of his firm handling of the bloody Chicago Pullman strike, many historians have overlooked Cleveland's numerous accomplishments, including his heroic quest to improve the quality of life for American Indians, his battles against the railroads and big business to prevent the destruction of American land, and his insistence on tariff reduction and remaining on the Gold Standard, which saved the nation from bankruptcy. The only president to be elected to two nonconsecutive terms, Grover Cleveland was the only president to be married in the White House and also the first to have a child in the White House.

Brodsky's engrossing work follows Grover Cleveland through his early life in upstate New York, his career as a trial lawyer, mayor, and governor through to his first and second presidencies and his last years as a lecturer and beloved member of the administration at Princeton University. Each chapter will cause readers to reevaluate our perception of this underrated President who, in his dying words said, "I tried so hard to do right," and to evaluate him in the context of his successors.

Dorothy Walker:

This Grover Cleveland: A Study in Character is brand new way for you who has interest to look for some information mainly because it relief your hunger details. Getting deeper you upon it getting knowledge more you know or you who still having small amount of digest in reading this Grover Cleveland: A Study in Character can be the light food for you because the information inside this specific book is easy to get through anyone. These books create itself in the form which is reachable by anyone, that's why I mean in the e-book contact form. People who think that in guide form make them feel sleepy even dizzy this e-book is the answer. So there is absolutely no in reading a guide especially this one. You can find what you are looking for. It should be here for a person. So , don't miss that! Just read this e-book sort for your better life and also knowledge.

Robert Tanaka:

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or to make summary for some guide, they are complained. Just little students that has reading's internal or real their interest. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Grover Cleveland: A Study in Character can make you feel more interested to read.
