Moving in the Prophetic Greg Haslam

The gift of prophecy has always invited some degree of opposition and controversy. It is one of the most vivid displays of God's presence and power among his people. Many people struggle with the very concept of the validity of prophecy today. They are troubled by the possibility that God may have direct access to our minds. Greg Haslam argues that such concerns are misplaced. Following St Paul's injunction that we should be 'eager to prophesy' he considers how God speaks, and how we should hear him; how we can test and deliver a prophetic word; and how we can grow in confidence as we learn to discern what the Spirit is saying to the church.
