***This ISBN is for vSim for Nursing, Medical-Surgical, Two-Year Access Card***

An interactive, personalized simulation experience

Develop clinical decision-making skills, competence, and confidence with *vSim for Nursing*, co-developed by Laerdal Medical and Lippincott Williams & Wilkins for nursing students. Designed to simulate real nursing scenarios, *vSim for Nursing* allows interaction with patients in a safe, realistic environment.

Online interactive virtual simulations with integrated curriculum resources provide a full simulation learning experience. Access suggested reading material from trusted Lippincott sources, pre-simulation and post-simulation quizzes, documentation assignments that can be used in Lippincott DocuCare, and guided reflection questions to gauge student understanding and support improved competence through remediation. The virtual simulation is self-directed, with a variety of nursing actions included, for an individualized learning experience. Actions during the simulation are recorded, resulting in a personalized feedback log to help identify areas of strengths or needed improvement.

Throughout the simulation scenario, SmartSense links to additional learning opportunities are available through evidence-based, point-of-care content from Lippincott Advisor and Lippincott Procedures.

With *vSim for Nursing*, discover a unique simulation experience designed to improve competence, confidence, and success in patient-centered care.

Further enhance your learning experience with simulation scenarios and simulators from Laerdal Medical and additional curriculum resources from Lippincott Williams & Wilkins for a comprehensive course solution!
