## **Your Body's Red Light Warning Signals** Neil Shulman

This essential reference book, with over 400 warning signs of more than 250 life-threatening diseases, puts an E.R. doctor in your home!

Heed the signs. Find out when your body is crying out for help.

When is a headache just an annoyance...and when is it a symptom of a life-threatening condition? When is it crucial to get to a doctor within the next few days, hours, or even minutes? This potentially lifesaving guide pinpoints more than 400 symptoms and gives you the information you need to spot a serious medical problem before it's too late.

Utilizing the expertise of three physicians, it highlights your body's red light warning signals: Injuries, fever, pain, and rashes may all require immediate medical attention. Even a nosebleed can become deadly. What are the signs of trouble? You can get the answers fast with a book that is the next best thing to having a doctor in the house.

Find out:

When an allergy is life threatening

Why "night sweats" could be the sign of a serious infection

What potentially fatal illness causes the fingertips to swell

What symptom nearly always warns of meningitis

The one problem during pregnancy that ALWAYS needs a doctor's immediate attention

Plus essential pregnancy and pediatric tips... Special information for the elderly and chronically ill... And much more!
