When it comes to relationships, who we meet in the beginning is not always who we end up with as the relationship progresses. We rarely allow other people to see what is actually in us. We tend to hide certain areas of our life that have been locked and tucked away for no one to know. These areas hide our hurt, pain, insecurities, doubt, fear, and sometimes hidden agenda and motives, and fragile state of being. With the right key and a gentle touch, we can allow our mates to have access to that area of our world. What Open Ses-a-me brings to the table is a unique openness that creates trust between two people without the pointing of fingers or the feeling of someone looking down on them. Open Ses-a-me is a book designed for people that are serious about getting married and staying married. Since there is no magical formula for any relationship, Open Ses-a-me helps couples unlock hidden doors, giving their mate access to a functional and desirable relationship that God wants them to have.
