**A unique multi-media teaching kit for those instructing clients, staff, and students about HIV/AIDS.**

HIV/AIDS has rapidly emerged as one of the greatest threats to human health in the 21st century. In the absence of a cure, prevention remains a crucial strategy for reducing its impact. It is critically important to understand not only the science of the disease, but also the behavioral and sociocultural influences that both facilitate and prevent the spread of HIV.

In a concise and convenient format *The Complete HIV/AIDS Teaching Kit* provides a **multidisciplinary** approach to teaching the biomedical, social, psychological, and behavioral aspects of HIV transmission, prevention and treatment--offering readers a full understanding of the disease. Helpful teaching tools like learning objectives, key medical and science terms, discussion questions, and quizzes are just a few of the resources included in the text to make counseling clients, leading group discussions, teaching students, or offering outreach in your community more accessible and effective.

- PowerPoint slides
- In-classroom learning activities
- Supplemental homework assignments
- Recommended reading lists
- Web resources
- And much more!

Use the companion volume, *Tools for Building Culturally Competent HIV Prevention Programs* to answer all your questions about program structure, effectiveness, goals, recruitment, evaluation, and more.
