## **The Structure of Behavior** Maurice Merleau-Ponty

At the time of his death in May 1961, Maurice Merleau-Ponty held the chair of Philosophy at the College de France. Together with Jean-Paul Sartre and Simone de Beauvoir, he was cofounder of the successful and influential review *Les Temps Modernes*. However, after Merleau-Ponty's two studies of Marxist theory and practice (*Humanisme et Terreur* and *Les Aventures de la Dialectique*), he alienated both orthodox Marxists and “mandarins of the left” such as Sartre and de Beauvoir. Perhaps his most lasting contribution to the interpretation of human existence was his formulation of a positive philosophical approach to psychology the foundations of which were clearly outlined in *The Structure of Behavior* and later more fully developed in *Phenomenology of Perception*.
