The Art Of Gunther Gerzso: Risking the Abstract Eduardo De La Vega, Luis Martin Lozano

The man Octavio Paz called a "glacial spark" was a painter for whom intuition always had the last word. But Gunther Gerzso's work has in recent years lacked the in-depth attention it deserves, a situation meant to be righted by *Risking the Abstract*. Originally conceived in collaboration with the artist, and finished with the help of his widow and sons, this volume and exhibition provide a better understanding of the artist's essential role in shaping an alternative approach to Modernism in Mexico, one that bears an important relationship to Abstract Expressionism in the United States and *art informel* in Europe.
