Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science)

The 13th International Conference on Medical Image Computing and Computer-Assisted Intervention, MICCAI 2010, was held in Beijing, China from 20-24 September, 2010. The venue was the China National Convention Center (CNCC), China's largest and newest conference center with excellent facilities and a prime location in the heart of the Olympic Green, adjacent to characteristic constructions like the Bird's Nest (National Stadium) and the Water Cube (National Aquatics Center). MICCAI is the foremost international scientific event in the field of medical image computing and computer-assisted interventions. The annual conference has a high scientific standard by virtue of the threshold for acceptance, and accordingly MICCAI has built up a track record of attracting leading scientists, engineers and clinicians from a wider range of technical and biomedical disciplines. This year, we received 786 submissions, well in line with the previous two conferences in New York and London. Three program chairs and a program committee of 31 scientists, all with a recognized standing in the field of the conference, were responsible for the selection of the papers. The review process was set up such that each paper was considered by the three program chairs, two program committee members, and a minimum of three external reviewers. The review process was double-blind, so the reviewers did not know the identity of the authors of the submission. After a careful evaluation procedure, in which all controversial and gray area papers were discussed individually, we arrived at a total of 251 accepted papers for MICCAI 2010, of which 45 were selected for podium presentation and 206 for poster presentation. The acceptance percentage (32%) was in keeping with that of previous MICCAI conferences. All 251 papers are included in the three MICCAI 2010 LNCS volumes.

From reader reviews:

Desiree Schwindt:

This Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) book is not ordinary book, you have it then the world is in your hands. The benefit you have by reading this book will be information inside this e-book incredible fresh, you will get data which is getting deeper you actually read a lot of information you will get. That Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) without we recognize teach the one who looking at it become critical in thinking and analyzing. Don't be worry Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) can bring whenever you are and not make your carrier space or bookshelves' grow to be full because you can have it with your lovely laptop even cell phone. This Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) having excellent arrangement in word along with layout, so you will not truly feel uninterested in reading.

Laura Clark:

Hey guys, do you wants to finds a new book to study? May be the book with the name Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) suitable to you? Often the book was written by famous writer in this era. Typically the book untitled Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) is the main of several books in which everyone read now. This book was inspired many people in the world. When you read this publication you will enter the new way of measuring that you ever know just before. The author explained their concept in the simple way, and so all of people can easily to understand the core of this publication. This book will give you a lot of information about this world now. So you can see the represented of the world in this book.

Irvin Ehlers:

The e-book untitled Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) is the reserve that recommended to you to see. You can see the quality of the publication content that will be shown to a person. The language that creator use to explained their way of doing something is easily to understand. The article author was did a lot of investigation when write the book, and so the information that they share to you is absolutely accurate. You also could possibly get the e-book of Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International

Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) from the publisher to make you more enjoy free time.

Alexandra Stafford:

Is it an individual who having spare time in that case spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something new? This Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, Proceedings Part I (Lecture Notes in Computer Science) can be the answer, oh how comes? The new book you know. You are therefore out of date, spending your extra time by reading in this completely new era is common not a nerd activity. So what these publications have than the others?
