Mark Turner

Pubs of the River Thames: From the Cotswolds to the East End Mark Turner

From the villages of the Cotswolds to the old city taverns of London's East End, the pubs and inns that stand near the River Thames are living temples to the brewer's art. The Thames, from its source in sleepy Gloucestershire, runs nearly 180 miles, and it is the only British river that can be walked from source to estuary. Mark Turner has done just that in his search for the very best river pubs. All near water's edge, they encompass a wide range of establishments, from stone country inns and thatched riverside pubs to bustling London taverns. All in all, more than 100 pubs are covered in detail—and many others in passing. Featuring 150 color photos, this is both a lively social history of the river and its inns and a first-rate companion for travelers.
