And Moricario said: "Let this work be performed as in a dream". It is said that the eon Moricario was united with a book through music and the sound of a clock. And as the clock gave its final sound, the work was fulfilled. An eternity was comprised between the pages of a tome. This book was then given to a Sethian monk living as a councilor in the House of Abel, and he was the first to read this book to his children and instructing them in its customs and curiosities. This third book is called The Cabinet: Sethian Gnosticism in the post modern world, even though the material presented in this volume is taken from The Moricario.
