## Deadly Suggestions, the hypnotherapist who used hypnosis to avenge his clients Mark Quest

THE AUTHOR Mark Quest, a pen-name to protect his identity, is a man who worked as a hypnotherapist for decades. He saw many clients who had been abused. He also heard stories about abusive therapists and saw the harmful effects of under-qualified therapists in creating false and harmful mental worlds in their clients. This is an entertaining book which takes the subject of hypnotism and hypnotherapy to a new and dangerous level. A hypnotherapist uses his skills to wreak revenge on those who have abused both his clients, his own family and indeed himself. Once the scene is set and the individual characters enter the plush consulting rooms of Jacob Avebury you can't wait to see how it all unravels. Who hasn't wanted revenge at some time in their lives, but thankfully for most it remains in the imagination. The final denouement is very much a case of 'be careful what you wish for'. I enjoyed the book and would recommend it to anyone who likes a good plot. When you look inside the book you might be shocked by the potential of hypnotic suggestions to make people believe in a fiendish hypnotist. As you read more deeply into the text you will see that what is written as fiction is a real possibility. Please allow yourself to feel satisfied in your own mind about reading a story of a therapist using hypnosis as a tool for revenge on the abusive politicians, priests and lawyers who had abused his clients. Yet shockingly, he also used his skills to rape and abuse his beautiful female clients for his own pleasure. This book will entertain but it will also shock and worry you, and the surprising ending will have you wanting more...
