Everyday millions of people interact with the news media and yet most of them are completely unaware of the rules of the game. The results are predictable: a few benefit from the most powerful marketing force on the planet, some suffer serious damage, others don't maximize their opportunities and the majority of folks are left wondering how they can grab a piece of the publicity prize. Their success (or lack thereof) would be so much different if only they understood the rules of the game they are playing - or having played because they don't know where to begin.
