STONY MAN

Operating under covert Presidential directives, the elite black ops group known as Stony Man is bound by honor to risk the ultimate price to uphold freedom.

## MENTAL MELTDOWN

Following a series of suicide bombing attacks along the U.S.-Mexican border, the relatives of a dead female bomber attack Able Team, descending from social to homicidal in a matter of seconds. Clearly these bombings are far more than random killings. Searching for an answer to the seemingly psychotic episodes, the black ops group discovers someone is controlling these people's minds with a new drug that leaves them catatonic or dead, after first giving them the extraordinary urge to kill. While Able Team follows leads in the U.S., Phoenix Force heads to investigate similar bombings in the Middle East. With numerous civilians already infected by the drug, they must eliminate the source before the body count of unwilling sacrifices mounts.
