Abingdon Old Testament Commentaries: I & II Chronicles

Steven L. McKenzie

Abingdon Old Testament Commentaries: I & II Chronicles Steven L. McKenzie

The Abingdon Old Testament Commentaries provide compact, critical commentaries on the books of the Old Testament for the use of theological students and pastors. The commentaries are also useful for upper-level college or university students and for those responsible for teaching in congregational settings. In addition to providing basic information and insights into the Old Testament writings, these commentaries exemplify the tasks and procedures of careful interpretation, all to assist students of the Old Testament in coming to an informed and critical engagement with the biblical texts themselves.

The present volume gives an up-to-date, readable commentary on the books of First and Second Chronicles. The commentary covers critical issues section by section while emphasizing the larger theological and literary issues in Chronicles and illustrating its relevance for modern readers.
