[Read by Claudia Alick]

What should a wife believe -- the words of her husband or the diary of his mistress?

Monica counts her blessings: she has a husband who is not only devoted to her but committed to being a strong, caring father to their twin sons. When Carlos surprises her with an unforgettably romantic getaway for their tenth anniversary, Monica knows her husband is still very much in love with her - and she with him. But an unexpected package threatens to change everything Monica's ever believed about her husband and turn her fairytale life into a nightmare.

Bitter from her experiences with a cheating husband, Angela had been struggling with depression, adopting a cynical sex-them-and-leave-them attitude towards the married men she bedded. Then she met Carlos, and for the first time in years, she thought her life might change. Now, she will stop at nothing to get him for herself -- even if that means destroying her own life and another woman's family.
