This coursebook takes a finance-oriented approach to corporate bankruptcy and can be used either in basic Bankruptcy courses (that do not attend to individual bankruptcy) or in advanced Bankruptcy courses. The student will learn not only the major elements of corporate reorganization in chapter 11 of the Bankruptcy Code, but also the major facets of bankruptcy that influence financing transactions. The hidden message behind these materials is how to understand complex financial deal-making and how to integrate finance with law, in the context of bankruptcy.
