This book is the fourth in 'the Master Artists' adult coloring book series. It includes 36 masterwork art photo references from 26 great artists and the templates for coloring to duplicate the original. There is also a snapshot biography of each artist and information about each artwork. The artworks included, many well-known and some not so well-known, some simple and others challenging, range from Alfred Bierstadt to Moran to Claude-Joseph Vernet. Colored pencils, pastel pencils, pastel, colored ink pens or watercolor can be used to color each template. A bonus feature that is available to all book purchasers is unlimited reprints of the templates from the publishers website. This means the book is still useful after the included templates are colored. Want to print a template on larger, water-color paper? You can do this on your own printer! You can print not only the actual template included in the book, but variations of that template, like a darker version. This book provides not only great relaxation and education, but the means to turn loose that hidden artist lurking inside!
