The Prism of Lyra: An Exploration of Human Galactic Heritage Lyssa Royal, Keith Priest
The Prism of Lyra is an exploration of Human Galactic Heritage.

The Prism of Lyra is a book that examines the idea of creation in a different light. In contrast to the notion that humans are the result of creation, it explores the idea that the collective humanoid consciousness (or soul) created our universe for specific purposes.

What are those purposes? Who is involved? These questions and many more are addressed, resulting in startling possibilities.

The *Prism of Lyra* then traces various off-planet races (Lyra, Vega, the Pleiades, Orion, Zeta Reticuli, and more) through their own evolution and ties them into the developing Earth. Highlighted is the realization of our galactic interconnectedness . . . and our shared desire to return home.

Explore with us the passage through . . . *The Prism of Lyra*!

"[This] research on the stellar teachings (the meaning of the forms of knowledge from various star sources) is very accurate, complete, and meaningful. As we move into our time of merging (the time we have anticipated from the beginning of time when we would know our stellar brothers and sisters), [this] information about their essence is the truth." -- **Barbara Hand Clow, author**
