I have always been fascinated by images of everyday people working at their jobs and this book features 60 images of people from all over the world going about their daily work.

Each image has been hand-processed using high-end computers, state-of-the-art software and our proprietary processing techniques to bring you sharp, vivid images that jump off the page unlike ordinary gray scale images that have been automatically lightened with graphics software.

Each image is also printed on its own page too so you can remove them for framing or gifts.
