Images are on one side only for easy removal to color and display, with the image title on the back of the page.

Some pictures are framed within the page, others are centered without a frame, so that images do not go to the edge of the paper.

There are two color testing pages included (one per collection) for trying out a color for the first time or blending multiple colors before putting them in a picture.

These designs range from simple to detailed, with thin to thick lines, and make a nice variety for the whole family.
