Natural Virginia

Ben Greenberg

Natural Virginia Ben Greenberg

A century ago, legendary photographer Edward Curtis set about to capture the traditional world of Native Americans before that world vanished. Now, Ben Greenberg has done the same for the natural areas of Virginia. Devoted to preserving and celebrating Virginia's diverse but sometimes threatened natural richness, Greenberg has spent years creating a collection of more than one hundred stunning images that range from the Commonwealth's most well-known to its rarely explored landscapes. By framing all of these photographs—whether of the Shenandoah Valley in full fall blaze or of Tidewater piers in the afterglow of sunset—as panoramas, Greenberg heightens the drama and immediacy of the moment, forging an enduring composite portrait that captures Virginia's natural heritage and at the same time reminds us of its fragility.

Natural Virginia divides the state into three regions: the Tidewater, Piedmont, and the Western mountains and valleys. The images in each, whether of a great blue heron emerging from river mists or of an almost leafless autumnal tree on Skyline Drive, convey a sense of grandeur while simultaneously inviting the viewer in to the intimacy of the settings, as though one might be able to smell the musk of the salt flats or to feel the brush of the fall wind. The photographs highlight the wide-ranging diversity of the Commonwealth's national and state parks, wildlife refuges and management areas, their rivers, lakes, mountains, and wild creatures. Deane Dozier's introductory essays to each region offer further insight into the geography and geology of Virginia.

From reader reviews:

Barbara Spangler:

Reading a publication tends to be new life style with this era globalization. With studying you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can certainly share their idea. Textbooks can also inspire a lot of people. A great deal of author can inspire their own reader with their story or maybe their experience. Not only situation that share in the textbooks. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors in this world always try to improve their expertise in writing, they also doing some analysis before they write with their book. One of them is this Natural Virginia.

Beulah Chavez:

Typically the book Natural Virginia has a lot details on it. So when you read this book you can get a lot of profit. The book was authored by the very famous author. Mcdougal makes some research prior to write this book. This kind of book very easy to read you can get the point easily after perusing this book.

Deborah Fishman:

This Natural Virginia is great publication for you because the content which can be full of information for you who else always deal with world and also have to make decision every minute. That book reveal it facts accurately using great arrange word or we can state no rambling sentences inside. So if you are read that hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but tough core information with splendid delivering sentences. Having Natural Virginia in your hand like getting the world in your arm, data in it is not ridiculous just one. We can say that no publication that offer you world inside ten or fifteen small right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. occupied do you still doubt in which?

Karin Decker:

In this period of time globalization it is important to someone to receive information. The information will make a professional understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, magazine, book, and soon. You will observe that now, a lot of publisher this print many kinds of book. Often the book that recommended for your requirements is Natural Virginia this publication consist a lot of the information from the condition of this world now. This kind of book was represented so why is the world has grown up. The terminology styles that writer require to explain it is easy to understand. The actual writer made some analysis when he makes this book. That is why this book appropriate all of you.
