REVEL™ for *Life Span Development: A Topical Approach* helps students to see the “big picture” of development across the entire life span. Throughout this brief version of his hallmark text *Development Across the Life Span*, author Robert Feldman employs a modular framework that offers instructors maximum flexibility to teach the course however they envision. Concise coverage of all key principles helps instructors cover the whole of the field within a standard term, while a topical approach makes it easier for students to understand the scope of development within particular areas (such as social or personality development) across the entire life span. Thoroughly updated with the latest data and contemporary examples, REVEL for the Third Edition helps students to better see the relevance of developmental science.

REVEL is Pearson’s newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience — for less than the cost of a traditional textbook.

**NOTE:** REVEL is a fully digital delivery of Pearson content. This ISBN is for the standalone REVEL access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use REVEL.
