Tables of Planetary Phenomena Neil F. Michelsen

A major resource for anyone interested in correlating history with planetary patterns, and a helpful reference for any astrologer. Instant look-up tables give easy access to data that otherwise would require complex calculations. Explanatory articles accompany the tables, making this an educational tool as well. The final section shows beautiful planetary mandalas from actual calculations of planetary orbits.

Now completely revised according to the latest updates in the American Ephemeris, this Second Edition is an enduring memorial to its author - a primary pioneer of computer technology for astrologers.
