## **Santiago Cardenas (Spanish Edition)** Edward Lucie-Smith

Santiago Cárdenas has produced one of the most rigorous and impressive bodies of work in Colombian painting. This book brings to life his obsessive drive to shred color, unravel light, and reinvent objects and the human figure using a simple evocation—a fleeting reflection—as a starting point to produce an inevitable attraction for viewers. This chronological overview of more than 200 works of art will satisfy anyone who appreciates the medium.

Con un sentido indeclinable del trabajo, Santiago Cárdenas ha producido una de las obras más rigurosas e impresionantes de la pintura colombiana. No se trata sólo de una fecunda confluencia entre lo clásico y lo moderno, ni de su inigualada perfección técnica, evidente en la confección de cada cuadro, sino del empeño obsesivo por desmenuzar el color, desentrañar la luz y reinventar los objetos y la figura humana a partir de una simple evocación—de un fugaz reflejo—para producir la imantación inevitable del espectador. Esta obra cronológica cubre más de 200 obras de arte que seguramente satisfacerá a cualquiera que aprecia la pintura.
